## **Success Trek Celebrates 5-year Anniversary and Close to \$50,000 of Giving**

Theresa Valade, CEO of Success Trek,<sup>®</sup> Inc. celebrates two milestones this year: five years of business success and nearly fifty-thousand dollars in charitable giving. Since founding her business in 2006, Valade has been committed to being what she would characterize as a socially responsible business owner, driven by the desire to not only build her business, but also to forge lasting relationships with local non-profit organizations. "One of my greatest joys as a business owner is being able to give back to the community," explains Valade. "To me, that's the real definition of success." Success Trek contributes to local non-profits through a variety of pro bono work, gifts and volunteer services. For more information about the organizations Valade remains committed to, go to
